

21 Tools for Discipline Without Punishment: Teaching Children Through Positive Discipline

You are a parent, you are busy, and even that is an understatement. How will you find time to learn how to better teach your children between pulling your hair out from all the screaming kids and surviving on little sleep. Here is a solution. A short (under 45 minutes), actionable, and highly recommended parenting guide for nurturing children of all ages from toddlers to teenagers. This book highlights 21 effective tools with concrete examples tested by early childhood educators and parents, to successfully manage conflicts and gain a deeper understanding of their children ultimately helping to improve parent-child relationships. There is an understanding that actions of children are goal-oriented by nature and there are specific steps parents can take to help their child reach their full potential as well as things to avoid which can hinder child development. The strategies in this book seek to break down the walls of traditional parenting by practicing positive discipline without the use of punishment - proven to bring out the best in children. Raising children in this environment will nurture them to be self-disciplined and respectful adults an important measure of success for all parents!
