

In The Stars (Part 1) Episode 3: Pisces (Hiding Behind The Couch)

Seans all primed for a murder mystery, but are his intentions all they seem? A chance meeting in a milk bar sparks a brand new friendship; Josh finally comes of age and is eager to explore his newfound identity. * * * * * In The Stars follows The Circle of friends through a full year, with each episode covering the period of time indicated by the zodiac sign from which it takes its title. Pisces is the third episode of In The Stars. For those readers unfamiliar with the series, Capricorn (episode one) re-introduces the main characters, so you could pick it up from here and perhaps catch up with the previous books later (I hope you will!). The full novel of In The Stars Part I: CapricornGemini is also available for purchase as a paperback and ebook. * * * * * Some things are just meant to be, or sometimes it seems that way. Like old uni pals inexplicably moving to your hometown, or realising that your childhood best friend is the love of your life, or landing a star role in a hit TV series that could well be your autobiography. Fate, karma, written in the stars, or just bizarre quirks of coincidence? For better or worse, the events of the next six months will push the friends to the limits. For The Circle can expand and contract, but it is always whole; eternal. Set over the first six months of a year of The Circle, In The Stars Part I explores the day-to-day lives of nine friends from high school who are now in their late thirties, following them through celebration, loss, illness and life-changing decisions. What readers say about the Hiding Behind The Couch Series: The remarkable characterisation in these novels is what makes them for me. This story reminds me of my favorite movies about friendship and relationships. Few authors have explored the depths of longtime friends within a group, or circle the way Debbie McGowan has! I have a love-hate relationship with Debbie McGowan's Hiding Behind the Couch Series. I love to

read them, I HATE it when theyre over.
