

## Crock Pot Recipes:: 52 Delicious Crock Pot & Slow Cooker Recipes (A Home Life Book) (Volume 1)

The crock pot or slow cooker is one of the best time saving appliances you can have in the kitchen. You don't have to be an expert cook, you don't have to understand complicated cooking methods, and best of all, you don't have to spend hours in the kitchen. There are many reasons why using a crockpot is the smart savvy way for today's busy cooks. Cost: The cost of a slow cooker can vary from about \$30.00 to over \$100.00. Over time a slow cooker can save you hundreds of dollars compared to cooking with conventional ovens and fancy counter top convection toaster ovens and broilers. You can also save money in the meat department by buying cheaper cuts of meat and tenderizing them by cooking them over a long period of time. You can use your slow cooker to soak and cook many varieties of dried beans. This will save you quite a lot compared to buying canned beans. They will taste so much better too. And compared to eating out or take out, you will be amazed on just how much money you will save. A Healthier Meal: Home cooked stews and soups are a much healthier choice for your family than canned. Because you use water (and time) to make these meals, recipes rarely need oils or fats. If you trim your meats before cooking, you are giving your family a delicious and healthier evening meal. The Simple Choice: Cooking the slow way is extremely easy to do. All you have to do is add your food into the crockpot, set the desired time, and voila! You are done. How simple is that? No difficult recipes to master, no complicated cooking methods and no skills necessary. Easy-Peesy Clean Up: One meal, one dish! That's it. Using a slow cooker cuts down on the number of pots and pans you will need to prepare dinner. There is hardly any mess to clean up afterwards allowing you more time to spend with the family graciously accepting their compliments for another wonderful

tasty meal. Yum Yum Yum: Cooking this way is all about serving up healthy home cooked meals without losing the yum yum factor. You can delight your friends and family with meals like. Beer Chicken, Slow-Cooker Beef with Tangy Broccoli, Chicken with Bell Peppers, Crock Pot Macaroni and Cheese and Slow Cooker Mushrooms & Potatoes. Meals your whole family will love. Tick Tock Besides saving you a ton of money, cooking with a slow cooker will also save you a ton of time, which for many busy people is even more important. Once the ingredients are in the pot, youre done, no standing around stirring, adding, monitoring, Once youve got your food prepared and placed in the crock pot, you dont have to stand around stirring and monitoring it. That time can be much better spent having fun with your family and friends. So there you have it. Some great reasons to go get yourself a crockpot, or pull out the one you received as a gift many moons ago and has been gathering dust in the pan cupboard, and get cooking!.. Here are just a few of the delicious recipes you will find in this book.
