

After the Sundial

AFTER THE SUNDIAL by Vera Nazarian is the authors first short fiction collection that focuses specifically on science fiction works, and can be viewed as a companion volume to her earlier collection, SALT OF THE AIR which focused on fable, myth, and fantasy. Bound by the common theme of time and temporal exploration, the ten selections here range widely from traditional speculative fiction to the surreal literary to poetry to bawdy adventure humor to space opera and far future speculation. Includes an introduction by the author, two previously unpublished works and a full-length critically acclaimed novella THE CLOCK KING AND THE QUEEN OF THE HOURGLASS.
