

Daughter of Regals and Other Tales

The Creator Of Thomas Covenant Adds Eight New Wonders To The World. In his first collection of short fiction, the bestselling author of *White Gold Wielder* presents eight superb stories, including *Gilden-Fire*, the famous outtake from *Illearth War*, and two brand new novellas written especially for this edition. Enter a world of mystics and unicorns, angels and kings -- all realized with the same dazzling style and imagination that has made Stephen R. Donaldson a modern master of the fantasy genre. *Daughter of Regals* is a fantasy novella concerning a unique royal line and an unusual conception of magic. *The Conqueror Worm* is a deliciously creepy horror piece in which havoc is wreaked by one lowly centipede. *Ser Visals Tale* begins as a simple story told over several flagons of wine at the local inn, this novella ends with a surprising twist. *Gilden-Fire* is the famous chapter about Korik of the Bloodguard and his mission to Seareach that was part of the original manuscript of *The Illearth War*, but omitted from the published version.
