

Journey of Adulthood, Global Edition

Applies Successful Aging to Adult Development Journey of Adulthood, 8/e by Barbara R. Bjorklund discusses the aspects of successful aging, covering growth and development from emerging adulthood to old age. The author combines new and classic research as well as first person experience of adult development. This title helps students understand the development of adults as they leave adolescence and move through their adult years until the end of life. Comprised of both large longitudinal studies and major theories of adult development as well as smaller studies of diverse groups, students will see the influences of gender, culture, ethnicity, race, and socioeconomics background on this journey.
