

The Futures Destiny: Season One - Episode 4 (Steampunk OZ - Season One)

The #1 Amazon Childrens Action & Adventure Sci-Fi Bestselling Author transports you to an exciting Fantasy YA series set in the land of OZ. This is THE must-read action-adventure series for all YA Fantasy readers! Even though it is set over a hundred years in the past, this could very well be the next great dystopian YA series. I never imagined OZ could be like this! There is no yellow brick road here. No emerald city. No lollipop guild. This is the Australis Penal Colony, a continent sized prison referred to the world over as the Outcast Zone. Built to contain the worlds most dangerous criminals, OZ ended up the dumping ground for everything polite society deemed undesirable. Season One - Episode 4 Captured by the West Marshal, Dorothy has one chance to survive and is closer than ever to finding her father. Can Caleb be trusted to help her finish her quest?
