

## A Working of Stars (Mageworlds)

The new novel in the sweeping Mageworlds series. On the planet Entibor, Arekhon sus-Khalthath sus Peledaen has found shelter and domestic tranquility with his old love, Elaeli Inadi, at the price of what he had left behind: a dispersed and shattered Mage-Circle, an estranged brother who had tried to kill him, and a homeworld on the cusp of massive cultural upheaval. Arekhon finds himself impelled homeward by strange dreams and prophetic visions. The Great Workingthe effort to do the unthinkable and reunite a galaxy long sundered by the Gap Betweenremains incomplete, left unfinished in the aftermath of the dissolution of Arekhons Mage-Circle. But too much energy and too many lives have been poured into the Working already; and it cannot end so long as any of the Circle members remain alive and bound into it. Home, unfortunately, isnt a safe place for Arekhon to be at the moment. For Eraasi has changedand the great fleet families at the center of the Eraasian culture are girding for war.
