

consider the fine line between normal and abnormal behavior. Engage Students Real cases in the text based on the authors own clinical files along with videos of real people with psychological disorders on MyPsychLab engage students in the material and help to destigmatize disorders.

Explore Research Icons highlight what is know about the developmental trajectory of each condition. Virtual Reality therapy and other topics engage students in current research and help them see the relationship between science and clinical practice.

Support Instructors Speaking Out video interviews featuring real people with psychological disorders, along with their family and friends, help instructors engage students both in and out of the classroom. Included on DVD, on MyPsychLab, and embedded in the PowerPoint slides, these and other resources provide extensive support for instructors.

Note: MyPsychLab does not come automatically packaged with this text. To purchase MyPsychLab, please visit: www.mypsychlab.com or you can purchase a valuepack of the text + MyPsychLab (at no additional cost). VP: 9780205248421
