

After The Fall: Children Of The Nephilim

No one knew where they came from or why they chose that moment to crawl out from the shadows. In a devastating orgy of terror and violence blood-drinking monsters rose from the dark to gorge themselves on the blood of humans. Facing this threat, mankind turned on itself in a devastating wave of self-destruction. Twenty years after the Fall and what's left of mankind is eking out an existence in a post-apocalyptic world. With much of the Earth now a nuclear wasteland, civilization has been knocked back two hundred years. By day the remnants of humanity gather together in small groups drawing from the land what they can in their new technological wasteland. By night they hide behind walls and bank up fires in an attempt to ward off the evil stalking the land during the hours of darkness. The world needs a savior. A hero unafraid to face his own fears and terror of the vampires. An ex-preacher disillusioned by the world and his god is not that man or so he says.
