

Alive

From the author of the Exodus Trilogy comes a bleak vision of life after the end. When the world ends, what do you do when you realize you are still alive? In a world devastated by natural disaster, only the most stubborn refuse to lay down and die. But with dwindling resources, time is running out. When Ed Walker learns that others have been preparing for the disaster for years, he begins to realize finding them may be his only shot at survival. In a dying world one man makes a choice to keep going, hoping against all odds there might be a future after all. Alive is a 10.000 word story loosely based on events in Exodus, but can also be read as a stand alone
