

## All She Wanted

The basis for the Oscar-winning film, *Boys Dont Cry!* All NEW introduction by the New York Times bestselling author! Living as a man, twenty-one-year-old Teena Brandon hit the dust bowl town of Falls City, Nebraska, on the run from her family in Lincoln - and from the law for forging checks. Handsome and sophisticated, Brandon was an instant success, with young women hanging all over him. But when Brandon started to date the beautiful blonde Lana Tisdell, her luck ran out. In a terrifying incident on Christmas Eve, Brandons true sexual identity was unmasked. On New Years Eve, Brandon, her roommate, and a friend were found shot to death in an isolated farmhouse. Writing with exclusive cooperation of Brandons ex-girlfriends and family, the accused murderers, and numerous other sources, NEW YORK TIMES bestselling author Aphrodite Jones explores the extravagant life and violent death of Teena Brandon, as well as the investigation and murder trial. Jones lays bare an America where many young people boldly experiment with gender identity, challenging our ideas of male and female, gay and straight - and where Teena Brandon and her friends paid a terrible price for sexual freedom.
