

## All Things Reconsidered: My Birding Adventures

Roger Tory Peterson's unique perspective on birding comes to life in these highly personal narratives. Here he relates his adventures during a lifetime of birding and traveling the world to observe and record nature. Though Peterson was widely known for his illustrations, this collection reminds us to reconsider his accomplishments as a photographer, for Peterson was nearly as passionate about photography as he was about painting. The essays and photographs included here were carefully selected by Bill Thompson III, the editor of *Bird Watchers Digest*, which ran the column *All Things Reconsidered* during the last twelve years of Peterson's life.
