

Beyond the New Frontier: An Alternate History Novel

In this combination of the novels *New Frontier* (B006ONBPVU) and *Final Frontier* (B009ORP5U0), this is the story of alternate timelines, partial political thriller, and time travel, in which President Kennedy is kept from being assassinated, but there are other unintended consequences as a result from the multiple attempts at fixing the timeline when an American spaceship crew try to sort out problems they end up causing. Does the timeline get fixed or do events keep spiraling out of control?

: Final Frontier: A Time Travel Novel (New Frontier In this alternate history novel, what-if Ronald Reagan became President in 1976 instead?
