

## Danger in the Ashes

We--the Rebels--are the only group of people in this land who are trying to restore the nation to greatness. There is no room for troublemakers. No room for those who want something for nothing.--Ben Raines  
A Once-Great Nation  
During the years following the nuclear holocaust that decimated the United States, soldier and survivalist Ben Raines has dedicated his life to rebuilding civilization from the ruins. But for America to rise again, the new laws must be as just as they are harsh--they must be Ben Raines laws. As the bloody war continues against the hordes of subhuman cannibals infesting the urban wasteland, Raines and his rebel forces encounter an even greater threat to their dream of a new America--the Ku Klux Klan, reawakened to sow the poisonous seeds of ignorance and prejudice. This hideous scourge must be wiped out at all costs. For Ben Raines knows that of all the threats to mankind's survival, blind hatred is the deadliest.
