

## Instinct: A Starlight Saga Short #1.5

Instinct can save your life. Ignoring it can get you killed. And sometimes, it can uncover things perhaps best left alone. After the escalating series of events on Urzra, Captain Branwen Hawkes crew is on leave, enjoying a vacation at the behest of the Kalaset itself. But for Branwen, the conflict on Urzra may have reawakened in her a desire for action that she fought for years to put down. A chance encounter devolves into bloody violence, and without the support of her crew, the Captain ends up in a heated struggle for survival on her own as her instincts discover a danger hidden in the heart of Incarnum that may leave her dead, or worse.
