

The Research Methods Companion for A Level Psychology

Written by well-known psychology author, Cara Flanagan, this practical, activity-based textbook covers everything you need to know for the research methods part of your A Level psychology course. Designed to give students the skills, knowledge and understanding needed to get to grips with this challenging part of the course, the appealing magazine-style layout will further motivate and boost confidence. Appropriate for all AS and A Level Psychology specifications (AQA, OCR, WJEC/Eduqas and Edexcel), this book is perfect for learning about research methods either as a stand-alone or integrated part of the course.
