REDEMPTION: In the jungle, evil has come. It wants the Atlantean people and the secrets they hold. Ariel, the Seer and an outcast named Coridan are all that stands between it and the destruction of the Atlanteans. Coridan is a man without hope, a man without a people. Ariel must restore his faith and convince him the sins of the past don't have to last a lifetime. The pair must bond to survive. When all is lost, Redemption is found.

ATLANTEAN HEAT: Cassandra yearns for more than life on planet Zaron. Determined to find her destiny, she goes back to Earth. There Cass meets Brady Buzz Rittner, a jaded ex-astronaut. Buzz misses being in the spotlight, but he misses space travel more. When he encounters Cass on the beach, he's open for a romp, but isn't looking for anything permanent. Is her love strong enough to heal the flyboy's wounds? Pride is the only thing preventing Buzz from getting everything he wants. If he doesn't act fast, he'll lose Cass—the one thing he really needs.

THE RETURN: Orion, brother to Ares and third in command on Planet Zaron has been relegated to chief mailman and babysitter. Oh, how the mighty have fallen! It should've been a simple job. Fly to Earth, find the Seer, and deliver a message to Brigit Taylor to let her know her friends are alive and well. Simple. Ha! That was before a vicious squirrel attack, losing his spaceship, trying to slay a wasabi green dragon, and sinking his Katronian rings into the wrong woman's body. Orion discovers that nothing on Earth is simple and sometimes the world falling apart is the best thing that can happen to you.
