

Ultimate Utopia and other stories

The hidden predictions of a long-ago seer are unearthed. Why were they hidden? What is the dreadful secret they contain? What do they tell us of the future? -- A well preserved fossil man sheds surprising, and worrying light on the future of mankind. -- A dominant race in the galaxy interferes with the development of a would-be rival. -- Something strange and disturbing happens in a sleepy English town. -- The human population of a planet incredibly hostile to mankind is found to have survived through many generations. How have they managed this seemingly impossible task? What is their valuable secret? -- The man who leads a campaign to change the course of the future is placed in suspended animation before he can experience the fruits of his labour. How long does he remain in this state? What sort of world does he wake up to?
