

## Chronicler of the Undead

A new thriller from the author of the Amazon.com bestselling Alice in Deadland trilogy. When there were still people around to talk to, I would introduce myself as a drinker with a writing problem. It sounded witty at the time, and certainly got a smile once in a while from the ladies. None of that matters now. There are no people left to read my books, and nobody left to listen to my attempts at wit. Now its just me, sitting in my house on the hill, watching the undead rampage through what we humans once called our world. I sometimes wonder why I still live when those much younger, stronger, smarter and fitter than me perished. Maybe its just dumb luck. But maybe I am being left alive for a purpose. Nobody may have cared much for my novel, but maybe this is what I was meant to write. Maybe this is what I was meant to be. The chronicler of the undead. This is my story.
