

## The Siege of Arista (The War Years, Book Two 2)

We asked Christopher Stasheff to start a war the result is ... THE SIEGE OF ARISTA The Hothri have come to Arista and the Siege has begun ... The humans begin a desperate, last chance battle for their homeworld For almost a hundred years, the Hothri waged a war against humanity's strongholds in deep space. Greed upon the part of the humans of the Aristan trade empire triggered the war with the aliens, and that same greed led to treachery and incompetence, to soldiers denied the resources they needed to fight. Human world after human world fell under the ruthless, destructive domination of the Hothri, until ... Forced back to their homeworld by vast fleets of Hothri warships, the leaders of the Aristan financial empires realized that they must look beyond the acquisition of wealth toward another goal-victory in a desperate, last-ditch defense against a foe that had never been defeated. THEIR SHIP SLAMMED INTO THE ALIEN CRUISER ... The soldiers could hear Master Sergeant Pepe Stuart bellow, In! Then Pepe himself was hurtling forward, his shoulder slamming into a Hothris midriff and its roar echoing around him in the pea soup the aliens called atmosphere. Pepe saw a sword-tipped barrel slashing toward his eyes, and he rolled aside, pulling the trigger of his own rifle. The Hothris head vanished in a splatter that Pepe didn't stay to see, but another Hothri blasted him with a scattergun. There was a sharp sting in his shoulder, a reek of methane in his nose, and he knew his helmet had been holed. He knocked the Hothris shotgun up with his rifle barrel, slammed the butt into the crickets helmet, reversed the weapon and pulled the trigger. The white hot fury seared through his back and everything went black ... In this 2nd book in the shared universe of THE WAR YEARS, Christopher Stasheff and Bill Fawcett have created a high-tech far-future
