

Crush (Volume 1)

Jazmin always had the biggest crush on her childhood friend Sean since she could remember. Being that she was the cute for a fat girl and like a little sister type of girl, Sean never really gave Jazmin much attention. Now that they're older, things have changed. Sean has started seeing her in a different light and now they're caught up in a love affair that Jazmin has been waiting her whole life for. There's just one problem: Sean is married to Jazmin's sister's friend Rayven. To make matters worse, Jazmin has just given birth to Sean's love child. As Jazmin deals with the pain, hurt, and heartbreak of being the secret side chick to Sean, another person has entered the picture. Jah, also another childhood friend, is handsome but can be a little rude, straightforward and temperamental. He's the bad boy with a potty mouth that has always been everyone's least favorite; however, he's attempting to be a stand-up guy despite his abrasiveness. And he's there for Jazmin in ways that she would have never expected. But Sean isn't happy about it at all. Will Sean sit back and lose his side-piece and love child to Jah, or will he be ready to let the cat out the bag to hold on to Jazmin?
