

Excursions in Modern Mathematics: Student Solutions Manual

For all undergraduate courses in Liberal Arts Mathematics, and General Education. A background in Intermediate Algebra is recommended, but not required. This collection of Excursions into modern mathematics consists of four independent parts, each consisting of four chapters: 1) Social Choice, 2) Management Science, 3) Growth and Symmetry, and 4) Statistics. Written in an informal, readable style, its pedagogical features make material both interesting and clear.
