

## Chasing Nonconformity (Imminent Danger Book 2)

Still reeling from accidentally marrying an exiled alien prince named Varrin, and from almost getting her head blown off by a six-armed lizard man with anger management issues, seventeen-year-old Eris Miller is ready for a vacation. But Varrin is desperate to rescue his beloved spaceship, the Nonconformity, from the clutches of the galactic government, so her vacation will just have to wait. While Eris and Varrin chase after the stolen ship, they're unaware that trouble is brewing on the other side of the galaxy. The villainous Emperor of Rakor has assembled a task force, led by the commander of the deadly Skin Slicers, to hunt Varrin down. With enemies closing in and the Nonconformity slipping further and further from their grasp, Eris must ask herself: how much is she willing to sacrifice to ensure her happily ever after?
