

Cheese Runners (Cheese Runners Trilogy Book 1)

In the future, the only weapon against the evil aliens is a nice, sharpcheddar! The Farfnians rule the galaxy with an iron claw, and Earth has been relegated to a backwater planet. Whats an ingenious human to do? Find a chink in the Farfnians chitinous armorcheese! Enter Harry Fische, captain of the stringship Limburger, and his intrepid crew: a xenophilic pilot, a security officer with more brawn than brain, and an immortal engineer with a death wish. Smuggling cheese is just a job until they rescue a curvaceous clone who make the best Margaritas in the universe. Thats when all hell breaks loose...
