

Tales of Tinfoil: Stories of Paranoia and Conspiracy

What is Tales of Tinfoil? It is a dark reimagining of every conspiracy theory that ever lived. It is the JFK assassination, Area 51, the moon landing, the surveillance state. It is a French spy posing as Abraham Lincoln, it is a video game designed by the CIA, it is Suicide Mickey. It is Adolf Hitler and it is Elvis Presley. In this bizarre and wonderful short story collection, today's top fiction authors pull back the curtain on the biggest conspiracies of all time. Who really killed JFK? What happened in Roswell, New Mexico? Is Elvis still alive? With stories that run the gamut from touching to thrilling to utterly deranged, Tales of Tinfoil will take you on a tour of paranoia you won't soon forget. Twelve short stories, twelve conspiracy theories, twelve twisted rabbit holes. Hold on to your hats.
