

All I Ever Wanted Was a Trap Nigga: Part Two

After seemingly discovering the reason behind Champions sudden change of attitude, Dorienn makes the decision to move on and nurture her growing romance with Tatum, leaving her ex in the dust to cover his tracks with Daylee on his own. Will Tatum be able to repair her broken heart and give her the love she has craved for so long, or is it too little, too late for the oldest daughter of the late David Montgomery? Finally able to fill the void left by her fathers sudden passing, Daylee is on cloud nine with the man of her dreams, Lenox. While he seems perfect, Daylee is hesitant to give him her all when her sister makes her disdain blatantly obvious. Will the once innocent, sheltered Daylee be able to completely shed her skin and enter the next phase of life with her new beau, or will her sisters watchful eye and words of advice come back to haunt her? An upcoming wedding, a soon-to-be born baby and a tangled web of lies later, the sisters might be getting more than they bargained for when they lay eyes on Champion and/or Lenox at the same time. Drama explodes, hearts get broken, and the truth is finally told. Will the Montgomery sisters be able to come out with a Happily Ever After, or will the Trap Nigga from Hell rear his ugly head??
