

## Cloud Country: An Epic Sci-Fi Fantasy Thriller (Special Sin Book 2)

The sequel to the OpenBooks science fiction best seller of monsters, Gods, and aliens, unlike anything youve ever read. Well, that couldve gone better. Saru had found the blue-eyed girl alright, but shed blown up half of Philadelphia in the process. Whoops. Now she was a fugitive, robbed of her implants, relying on her wits, hunted by aliens, Gods, and the monstrous spawn of fornicating universes. It was a crap deal, but it wasnt all bad. Shed stolen a plane, a luxury model with a fully stocked minibar. And she had company, a rogue Gaesporan named John. And there was something strangely liberating about having screwed up so badly you couldnt really do worse.
