

# The Blessed Isle (The Compass Of Celestial Directions, Volume 1) (No. 1)

Once the abode of the gods and home to the Old Realms Lawgivers and their Lunar consorts, the Blessed Isle is now the center of the Creation-spanning Scarlet Empire, ruled by the Empress and her Terrestrial Exalted children. Spared the worst of the Contagion, the Fair Folk invasion that followed and the centuries of conflict and want that reduced the rest of the world to barbarism and savagery, the Isle remains the jewel of Creation. But now, the architect of the Blessed Isles long peace, the Scarlet Empress, has vanished. With no clear heir, the Great Houses gird themselves for civil war. On top of that, the long-forgotten Lawgivers have returned to claim dominion over Creation. Will the Blessed Isles tranquility be shattered at last, or is there still some way to shield Creations heart from the Time of Tumult?

The first of five Celestial Direction books devoted to fleshing out the bare bones of Creations supernatural locales presented in the Exalted core book, this book includes:

- \* Mass combat traits for the Realms Imperial Army, from the standard heavy infantry to the cutthroats of the Vermilion Legion, as well as dominion traits for the Mandate of Heaven
- \* Traits for the Blessed Isles native gods and beasts

The Compass of Celestial Directions Vol.1: The Blessed Isle is a supplement for Exalted Second Edition.
