

Copenhagen (The Logos Books Book 2)

David and Wallace are a couple of locals down on their luck. When they loose money at the local reservation casino of the Big Chief, small town mafioso, they are given a choice - get the casino their money or die. Living in a back watered burg like Copenhagen the only source of money is an urban legend about the Black Mansion, a secluded mansion outside of town. On these grounds it is believed that a treasure exists. The Big Chief holds Wallace hostage until David can recover his money. David decides that the Black Mansion is his only chance. What David finds when he enters the mansion outside of town in beyond your wildest nightmares.
