

## Coyote: The Clockwork Dragonfly (Coyote Series Book 2)

A mysterious circus comes to town, dazzling the crowd with astonishing feats of magic and mechanics. However, when Coyote, Caesar and their new companion take a closer look, they find things are not as innocent as the posters suggest. A dark secret hides behind the brightly colored tents, one that may force good friends to grow apart. Caesar stands at a crossroad, where he has to make a difficult choice, and, for the first time, Coyote finds herself wondering who her allies really are, as she takes on the most dangerous foes she has ever faced.
