

Awoken (The Lucidites Book 1)

Around the world humans are hallucinating after sleepless nights. In a sterile, underground institute the forecasters keep reporting the same events. And in the backwoods of Texas, a sixteen-year-old girl is about to be caught up in a fierce, ethereal battle. Meet Roya Stark. She drowns every night in her dreams, spends her hours reading classic literature to avoid her familys ridicule, and is prone to premonitions which are becoming more frequent. And now her dreams are filled with strangers offering to reveal what she has always wanted to know: Who is she? Thats the question that haunts her, and shes about to find out. But will Roya live to regret learning the truth?
