This package includes a three-hole punched, loose-leaf edition of ISBN 9781118797778 and a registration code for the WileyPLUS course associated with the text. Before you purchase, check with your instructor or review your course syllabus to ensure that your instructor requires WileyPLUS. For customer technical support, please visit <http://www.wileyplus.com/support>.

WileyPLUS registration cards are only included with new products. Used and rental products may not include WileyPLUS registration cards. With a combined total of 49 years teaching introductory psychology, authors Karen Huffman and Catherine A. Sanderson provide the latest up-to-date coverage and real world applications to core concepts in the teaching of psychology. Designed for introductory psychology courses, Real World Psychology is above all a brief book that works within the time constraints of today's instructors and students. This first edition text allows readers to grasp the big picture in psychology without an abundance of supplementary details. Huffman and Sanderson tie each key concept to real-world, in-text examples that offer an incomparable window into not only ourselves, but also into the world and the people who sustain us.
