

Daughter of the Game (5 Star Publications Presents)

In Daughter of the Game, The game devours life and life devours love. Its obvious that Armand is a hustler on the rise. As long as he keeps that life separate from Monique, she is willing to be his everything. Needing Armands love, she hides her true identity. Armand has no clue that Moniques father is the ruler of all vice, so deep in the game that most hustlers work for and answer to him without ever knowing it. In a moment of weakness, Armand submerges Monique into his underworld, exposing her to his secrets and risking her life to his enemy. When that enemy turns out to be her father, Monique finds herself in a cruel tango between family loyalty and all consuming love. Can true love outlast the game? Or must love be sacrificed for both of them to survive?
