

Daughter of the Game Prequel: In The Shadows

Memories cling to us like moisture from a fog, transforming us in ways we cant imagine. Monique Waters cant help who she is--neither can her siblings, Michelle and Ricardo. All three grew up in the shadows of the Waters throne, learning to swallow nightmares and digest fear, pretending to be normal but silently suffering. All three of them are stronger because of it; all three of them are devastated by it. Even Armand is inextricably linked to the Waters in a way that no one but Pete Waters knows. And it is possible that, because of the Waters, Armand has suffered most of all. To understand the ending of the Daughter of the Game series, you must first go back and learn the beginning. Discover who the Waters really are and the actual price of inheriting the Waters throne.
