

dEaDINBURGH: Alliances (Din Eidyn Corpus Book 2)

The startling second instalment of the dEaDINBURGH Series. Alys, Joey, Bracha, Steph and Somna collide. Alliances are formed and fates decided in the follow-up to Mark Wilson's Bestselling dEaDINBURGH: Vantage.

dEaDINBURGH: Alliances is suitable for a YA readership. What the Readers say: Epic. Literally and figuratively epic. Just as in Vantage, Alliances storyline progresses at a neck-breaking pace that will have your head spinning. I just could not put it down! A tour de force continuing the story but with more in depth characterisation, more plot twists and more moments of disbelief. It is delightful to see just as many female leading strong characters as male. In this way it is, in a way, a feminist book. I didn't realise how much I was invested in the characters of Joey and Alys. But I was. I am. And I devoured this novel like a Ringed devours human flesh. These novels are begging to be made for the big screen.
