

Desolation Road

It all began thirty years ago on Mars, with a greenperson. But by the time it all finished, the town of Desolation Road had experienced every conceivable abnormality from Adam Blacks Wonderful Travelling Chautauqua and Educational Stravaganza (complete with its very own captive angel) to the Astounding Tatterdemalion Air Bazaar. Its inhabitants ranged from Dr. Alimantando, the towns founder and resident genius, to the Babooshka, a barren grandmother who just wants her own childgrown in a fruit jar; from Rajendra Das, mechanical hobo who has a mystical way with machines to the Gallacelli brothers, identical triplets who fell in love withand marriedthe same woman.
