

## Dying Over Diamonds

Wrapped from her head to her toes in iconic name brands, it was easy for Kamilla Mill Carmichael to remain in a relationship with her superstar athlete fiancé, Zander Kates. In her heart and soul, he was her prince. He was the knight in shining armor she read about in fairytales. He was the kind of man her mother often told her about; yet, he would also turn out to be the man many fathers warned their daughters about. Without warning, Kamilla's life goes from that of having it all, to a life she just as much, rather not have at all. Tear-stained pillows and lonely nights drive her to do the unthinkable, as her rich fiancé tries desperately to hide a few secrets of his own. Zander lives his life in the spotlight and money is never an issue. But, at what price is he willing to pay to keep up the facade, and will his obsession for fame destroy him in the process? Lost inside a pseudo fairy tale, enamored by the trappings of material possessions, everything that glitters isn't always gold, especially when you're Dying Over Diamonds
