

The DIY Guide from Grown in the City: Simple Projects You Can Tackle Today (Grown in the City Guides Book 1)

From balconies to windowsills, urban agriculture is hot. The editor of Grown in the City shows apartment dwellers how to make the most of their urban spaces by constructing self-watering planters from common materials most have around the home. With beautiful photos, crisp layout, and clear instructions, this guide is a must for all apartment dwellers looking for a weekend gardening project or two.
