

Doctor Who: Remembrance of the Daleks: A 7th Doctor Novelisation

An unabridged reading of Ben Aaronovitch's novelisation of his classic 1988 TV adventure featuring the Seventh Doctor. With unfinished business to attend to, the Doctor takes Ace to Coal Hill School in London, 1963. The last time he was here, he left something behind - a powerful Time Lord artifact that could unlock the secrets of time travel. Can the Doctor retrieve the Hand of Omega before two rival factions of Daleks track it down? And even if he can, how will he prevent the whole of London becoming a war zone as the Daleks meet in explosive confrontation? The story is read by Terry Molloy, who played Davros in the original TV serial, with Dalek voices provided by Nicholas Briggs.
