

Steve Jobs in His Own Words

Fortune magazine proclaimed Jobs the CEO of the decade. Harvard Business Review called him the world's best-performing CEO. And the Wall Street Journal praised him as a Person of the Decade. The longtime CEO of Apple, Inc., which he co-founded in 1976, Steve Jobs stepped down from that role in August 2011, bringing an end to one of the greatest, most transformative business careers in history. Over the years, Jobs has given countless interviews to the media, explaining what he calls the vision thing - his unmatched ability to envision, and successfully bring to the marketplace, consumer products that people find simply irresistible. Drawn from more than three decades of media coverage - print, electronic, and online - this book serves up the best, most thought-provoking insights spoken by Steve Jobs: more than two hundred quotations that are essential reading for everyone who seeks innovative solutions applicable to their business, regardless of size. It's the perfect gift or reference item for everyone interested in this icon. Steve Jobs passed away on the 5th of October 2011, aged 56.
