

Edith Wharton : Novellas and Other Writings : Madame De Treymes / Ethan Frome / Summer / Old New York / The Mothers Recompense / A Backward Glance (Library of America)

Collected here in one volume are six works that represent nearly a quarter century in the productive life of one of the most accomplished and admired of American writers. They explore the private worlds of our Gilded Age. A once free-spirited American woman in Paris tries to extricate herself from her marriage to a French aristocrat in *Madame de Treymes*. A divorced mother finds herself in a strange romantic triangle in *The Mothers Recompense*. Repressed passions smolder in small town New England in the classic *Ethan Frome*, a tale of unhappy marriage and desperate love which erupts in an act of shattering violence, and in *Summer*, which Wharton called the hot *Ethan*. Also included here are *Old New York*, four linked novellas set in succeeding decades from the 1840s to the 1870s, Wharton's renowned autobiography *A Backward Glance*, and *Life and I*, a fascinating autobiographical fragment published here for the first time.
