

EL PRINCIPITO (Spanish Edition)

Saint-Exupery, aviador ademas de escritor. imagino un aterrizaje forzoso en el desierto de Sahara. Alli aparece un curioso nino que se siente feliz en medio de la soledad. Este pequeno principe, el unico habitante de un diminuto planeta, ha llegado desde muy lejos. El nino esta enamorado de una rosa que, engreida de su belleza, se cree unica en el mundo. El principe recorre varios planetas y en cada uno conoce diferentes tipos de personas: un vanidoso, un anciano... Finalmente, en la Tierra encuentra un jardin lleno de rosas, que lo hace sentirse desgraciado. Su rosa, entonces, ¿no era unica?... Junto a lo maravilloso, en El Principito un clasico de la literatura para todas las edades se revela la delicada relacion que crean la amistad y el amor, y se nos muestra el poder de la verdadera sabiduria, esa que nace de lo mas simple, de lo que se observa desde el corazon.
