

# Electrical Trauma: The Pathophysiology, Manifestations and Clinical Management

This is the first comprehensive volume to be published on the subject of electrical trauma in humans. Many of the worlds leading experts describe the basic mechanisms of tissue injury in victims of electrical trauma, the complex and varied manifestations of electrical trauma, and state-of-the-art clinical treatment protocols. Promising new therapies still in the research stage are also discussed and assessed. The volume describes the basic physiochemical mechanisms responsible for tissue damage and explains the complex and variable ways in which electrical trauma manifests itself. An understanding of these underlying processes provides the basis for a rational and consistent approach to treatment which is highlighted in this volume. Electrical Trauma serves as a new and important source of information from a variety of perspectives that contributes to the understanding of the electrical injury problem. It is suitable for clinicians in plastic surgery, intensive care and burn units and for those with an academic and research interest in the mechanisms and causes of electrical trauma.

**Electrical trauma. The pathophysiology, manifestations and clinical** The pathophysiology and clinical management of electrical injury R. C. Lee Part II. Clinical Manifestations and Management: 4. Soft tissue patterns in acute **Electrical Trauma: The Pathophysiology, Manifestations and Clinical** The Pathophysiology, Manifestations and Clinical Management. Electrical . 6 - Electrical trauma: pathophysiology and clinical management. pp 122-132. **Electrical Trauma: the Pathophysiology, Manifestations and Clinical** Electrical Trauma: The Pathophysiology, Manifestations and Clinical Management: R. C. Lee, E. G. Cravalho, J. F. Burke: : Libros. **Electrical Trauma The Pathophysiology, Manifestations and Clinical** Injury by electrical forces: Pathophysiology, Manifestations, and therapy Electrical trauma: the pathophysiology, manifestations, and clinical management. **Electrical Trauma The Pathophysiology, Manifestations and Clinical** - 26 sec - Uploaded by K.
