Discover one of Amazons finest new Science Fiction authors with the Emissary & Dark Phase Sci- Fi Double Pack! Experience his highly rated Dark Phase together with his latest novel, Emissary. Two thought provoking and futuristic thrillers exploring the world of artificial intelligence. Why a double pack? Independent authors write for small royalties in a tough, competitive market. By purchasing this compilation instead of the books individually, you will be helping the author receive a greater royalty share whilst keeping his work at the minimum price for the consumers benefit. EMISSARY When Dr Trehearn Culver is awoken from cryogenic stasis only to find the rest of his colleagues have mysteriously died, he becomes the sole survivor aboard the Emissary, a vast star ship on a mission to colonise a far off planet. Battling his solitude and compelled to somehow carry on his mission to appease his only companion, Adraste, the ships thinking computer, Trehearn travels down a road of scientific research and ethically questionable experimentation. Believing himself to be the only hope of rekindling his species who have reduced themselves to near destruction, Trehearns genial aptitude and tireless efforts look to have achieved the impossible, but then even the best laid plans can be doomed for failure. The novel contains scenes unsuitable for younger readers. DARK PHASE Sarazen is a Silicant, an android existing in a highly organised and rigid society where individuals are designed to perform unique functions. Created and maintained by The Mother, each Silicant coexists in harmony to pursue their primary function, the protection of the primitive organic creatures with whom they share their world. Sarazen, a career Troubleshooter is called to examine a rogue named Cole with orders to fix his malfunction or send him

for renewal, but Cole is unlike any Silicant Sarazen has yet encountered. Cole's enlightening revelations lead Sarazen to make the courageous and perilous decision to leave the comfort of The Mothers influence and find the true meaning of the Silicants existence and the horrifying reality of their collective fate. Dark Phase is a cerebral, powerful and thought provoking Science Fiction story with a plot that will leave you captivated even after the final page has been turned.
