

Empire of Steam: The Collected Stories

An alternative history of steam-driven adventure! Red Mercury, Neptune Rising, Titans Fire - all three novels together in one volume for the first time. War crushes Europe in an iron fist. As the Great Powers struggle for supremacy, Major David Jones and Captain John Kowalski are caught up in a series of secret missions which could hold the keys to victory. Airships, dreadnoughts, and steam-powered walkers collide in three breathlessly-paced adventures. This is a collection of three novels - Red Mercury, Neptune Rising and Titans Fire - previously published individually.
