

## Ansible: Season Two (The Ansible Stories) (Volume 2)

The battlefleets burn and blacken in the infinite day of space... The previous Ansibles found themselves marooned, but Zahid, last survivor of Ansible 15718, commands an interstellar fleet, and Sahira, the psionic savant we meet in Ansible: Night Land and Ansible: Strike Force, will take the battle to the pneumavores, humanity's fiercest predators. In Season Two of Ansible, humanity's last conflict continues to blossom open, dark fire and dark flower, torching all of time and space. These are your descendants' stories. Their cries in the dark. They are not to be missed.

**PRAISE FOR ANSIBLE:** Litores stories aren't only entertaining. They are stories invading our lives, unexpectedly. You encounter them, as you might encounter people. They are those random elements in life that happen to you, like a mugging, like childbirth, like falling in love and marriage, like death and the funeral that follows. They are moments that leave a mark, and leave you changed. - Andrew Hallam, Ph.D., Metropolitan State University of Denver Stant eloquently writes passages that are so moving, full of passion, fury, loneliness, blind drive ... He takes us to places of amazing beauty, awe-inspiring, as well as places where the implications in the story can leave you almost in despair for the human race. - Nikki Ebright, Director, Myths & Legends Con
