

Evolution

BOOK 2 IN THE E SERIES: Outpost Three is still standing barely. But the deadliest threat it has ever faced is on its way-- a violent force that will annihilate every man, woman, and child. With the Sentries under his control and Greys army defeated, Matt is more powerful than ever. Eden is little more than his prisoner, but that line is blurring as her affection for him grows. Now, as the Outpost faces total destruction, Matt must sacrifice the possibility of attaining Edens love in the vague hope that her past might hold the key to saving them all. Edens journey will begin to unravel the mysteries of her previous life, reveal dangerous new questions, and change not only the future of Outpost Three, but shape the course of history. This eagerly anticipated sequel to Kate Wraths E begins an epic quest into the dark, dystopian landscape of Edens world.
