

# Fetching Dylan: A True Tale of Canine Domestication in Leaps and Bounds

Skittish man meets skittish dog- again-in the hilarious and heartwarming sequel to the acclaimed Walking Ollie. Just when he thought it was safe to walk in the park again, novelist and reluctant dog owner Stephen Foster had the crazy notion that skittish-but-now-functioning puppy Ollie (introduced in Foster's Walking Ollie) could use a playmate. Enter Dylan, another quirky pup with a thing against humans. This delightful and witty story is a treat for dog lovers, fans of literate British humor, and anyone who can relate to the neurotic misanthrope at the end of a difficult dogs leash.
