

Fossils: Evidence of Vanished Worlds

An informative and copiously illustrated exploration of the discovery of prehistoric humans and the development of the science of paleontology examines how humankind's fascination with the past of the human race has helped us understand our place in the world. Original.

Images for Fossils: Evidence of Vanished Worlds Mary Anning (9 March 1847) was an English fossil collector, dealer, and palaeontologist who became known around the world for important finds she made in Jurassic marine fossil beds .
